# 1. Underline Storyboarding

1.1 WIDE

" I really can't browse websites. I wish websites were audio based and not text based "

1.2 WIDE

" I wish the world only had colors that I could see "

1.3 WIDE

" Wish there was a way to anonymously sell my paintings! I don't want people to judge me "

1.4 WIDE

" Art therapy really works for me. Only if there was a online web store that could serve my purpose "

1.5 WIDE

" Wow, this website can read words out for me. That's so much better than struggling with texts! "

1.6 WIDE

" I can now choose from a pool of color options AND I can change my color choice on every visit. So cool!! "
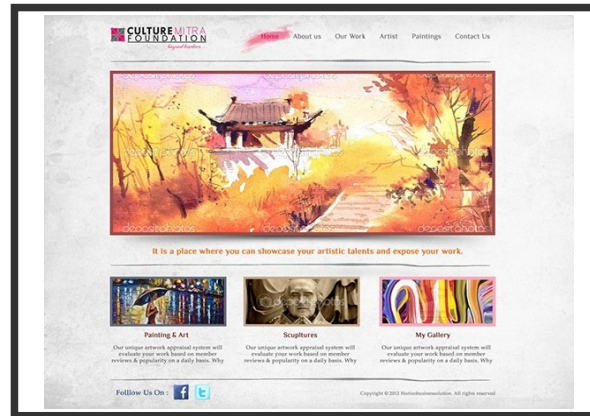

"Oh! I don't need to reveal my identity while uploading?!! Wow, That's just what I needed! "

" I feel so much better just by looking at the colors, aesthetics and the art of the website! I feel so much more calm! "
